FROM THE EVENT MANAGER

This show is often called a "Mopar Lover's Paradise" and it really is! Look around and you'll see just about every aspect of the hobby represented. From the best OE restorations to drivers and from Barn Finds to modern Mopars. The show is largely classic muscle, but everything is represented fairly. It all comes from YOUR PASSION. We welcome you to the event and THANK YOU for your passion as that's what makes this the best Mopar show!

People say the hobby is changing. It is, but it always has been. Right now, we are going through a phase where people want to drive their cars. I think that's great. At the same time, I completely respect the perfectly restored cars that are worth more than my house. Those cars are still the nucleus of the hobby and will be for the foreseeable future. We're also seeing more people getting their Mopars back on the road without restoring them and they are drawing the big crowds at the shows. It's all about enjoying your car and the hobby. How you do it is totally up to you!

Then there are the newer Mopars. Some people fear that they are taking over the car hobby. They're not – they are adding to it. Words like "Challenger", "Charger" and "Mopar" are commonplace again while "Hellcat", "Redeye" and "Hellephant" have recently been added to just about everyone's vocabulary. Modern Mopars are bringing in a new batch of enthusiasts. I only know one person who sold his classic Mopar for a new one ... and he's been trying to buy it back for the last two years. Like most of us, he wants both!

I love "the good old days" but these are some incredible times we're in right now. A car with 500 horsepower from the factory isn't really a big deal. We have the only OEM that's offering a 1,000 horsepower crate engine and production cars with 800 hp and a warranty. Enjoy the hobby and enjoy it YOUR way. I'm just glad that you chose to enjoy it here at Carlisle. Thank YOU!

THEIR OIL

AMSOIL

Testing conducted in an independent laboratory using AMSOIL Signature Series 5W-30 Synthetic Motor Oil against a leading brand 5W-30 synthetic-blend motor oil in Ford* F-150 trucks with 3.5L twin-turbo engines.

Your bearings shoulder the burden whenever you tow, haul or stomp the gas. AMSOIL delivers powerful protection for bearings and other critical components so you can drive with confidence. To demonstrate, an independent lab put AMSOIL synthetic motor oil head-to-head against a leading competitor in a 100,000-mile test. CHRIS JACOBS

DAVID REA

HERB MCCANDLESS

"MR. NORM" KRAUS

We are very pleased to welcome our special guests and give you the opportunity to meet them and get autographs. Be sure to check the schedule on pages 28-29 for times.

CHRIS JACOBS

Chris Jacobs spent the last couple of decades on several TV shows. His works range from mainstream shows like Long Lost Family on TLC to the NFL Network to the shows that we all know, like Overhaulin', Barrett-Jackson and Motor Trend's coverage of The SEMA Show. Chris is also a true Mopar lover and he now works for Chrysler as a host of Dodge Garage. Speaking of garages, Chris has a few Mopars in his.

DAVID REA

David Rea is the owner of DB Restorations, LLC, a Mopar-only restoration shop in Creswell, OR that specializes in 1968 to 1972 Mopar muscle cars and trucks. He is a self-taught automotive restoration technician that has more than 30 years of experience in this field. He was featured on the Velocity Channel which helped him fine-tune his skills in the field. David is strong in his faith and a true family man. He is an avid outdoorsman and enjoys a good hunting and fishing story as well as talking about his favorite topic, Mopars, of course! David is also joining the Restorers Roundable Saturday at 2:30 PM in the Seminar Tent.

HERB MCCANDLESS

Herb McCandless earned the nickname "Mr. Four Speed" with his '65 Hemi Super Stock Dodge. He was enlisted as a driver and mechanic by the Sox & Martin team and ended up driving several of their more famous cars. Herb then went on to become one of the foremost car builders and drivers of Pro Stock in the early '70s before opening Herb McCandless Performance in North Carolina. Herb has always been eager to lend a helping hand to any Mopar enthusiast in need. Whether he's racing, wrenching or cruising in one of his muscle cars, Herb has consistently been reinventing the wheel and going out of his way to help as many people as he can. Visit the McCandless Collection display on the Midway.

RAMCHARGERS

It seems as though the RAMCHARGERS enjoy being at Carlisle as much as we enjoy having them and for that reason we call them our "friends" rather than special guests. Even though they have become regulars at the Carlisle Chrysler Nationals, we can't forget what this group has done for our hobby. They were pioneers on the track and in the office. They truly are legends in the Mopar world and we are honored to have them at the show each year. RAMCHARGERS attending include Mike Buckel, Al Adam, Dave Rockwell, John Wehrly and Tom Coddington.

GOLDEN COMMANDOS

We're honored that the Golden Commandos have chosen to make the Carlisle Chrysler Nationals an annual stop on their schedule. These guys put the Plymouth brand in the winner's circle many times over the years. They love meeting their fans and talking about the glory days of racing. These legends are 2013 Mopar Hall of Fame inductees. Golden Commandos attending include Evan Ericson, Warren Anderson, Forrest Pitcock, Ray Kobe, Jim Hall and special guest, Dale Aldo, Retired Mopar Motorsports Marketing Manager.

"MR. NORM" KRAUS

In 1962 Norm Kraus opened Grand Spaulding Dodge in Chicago and within three years the dealership became the foremost dealer of high-performance Dodges. By the late '60s, "Mr. Norm's" in Chicago was selling more muscle cars than anyone else in the country and his "Mr. Norm's Sport Club" had gone international. The dealership closed in 1975, but Norm has remained active in the hobby, being involved with everything from modified new Dodges to retro custom builds.

DAVID SNYDER

Visit artist David Snyder in Building T to see a display of his automotive artwork featuring Mopar products. You might even get to see him in action.

BUILDING T DISPLAY

Be sure to walk through Building T to see our featured vehicles that include some milestone anniversary displays. Special thanks to the owners of these vehicles for allowing us to showcase them!

50 YEARS OF THE A12 ROAD RUNNER & SUPER BEE

Arguably the most popular Mopar factory street racers were the 1969½ A12 Road Runners and Super Bees. Every manufacturer has produced a bare bones street racer at some point, but the A12 might have been the ultimate. It had everything a street racer needed and almost nothing that wasn't needed. Yes, you could get some options that weren't necessary for a race car but Dodge and Plymouth were obviously paying attention to what the racers were doing.

Chrysler ditched the steel hood and hinges just like the racers did and added a fiberglass pin-on hood with a functional scoop. Wheel covers and trim rings won't pass tech at most tracks so why make the customer buy them just to take them off? A12s were meant to be street/strip cars so they went with the 440 wedge and a trio of Holleys. This was cheaper than the Hemi and less maintenance. See 15 examples of these cars on display.

50 YEARS OF THE M-CODE A-BODY

See this display of factory 440 Darts and Barracudas to celebrate these extremely rare A-Bodies. For 1969, 640 Darts were assembled and about 340 Barracudas with the coveted "M" as the fifth digit of the VIN. Mr. Norm and his crew proved that you could fit a big block in the slightly larger 1967 A-Bodies when they shoehorned a 383 into a '67 Dart. For '69, Chrysler decided to put their biggest engine (displacement-wise) in the Darts and Barracudas when they built the M-Code A-Bodies with the 440.

50 YEARS OF THE CHARGER 500 & DAYTONA

2019 marks 50 years since Dodge took a major swing at NASCAR in the “aero wars” by introducing the 1969 Charger 500 and then the Charger Daytona. These are two of the rarest and most desirable Mopars. The Aero Wars were heating up in 1969 and Dodge saw the flaws in their recently redesigned Charger. Aesthetically, the new Charger was perfect (at least we think it is!) but it wasn't so great on the NASCAR super speedways of the era. The '69 Charger 500 was a huge step in the right direction but it was the Daytona that was totally outrageous. In today's world, it's hard to believe that such a car would ever be built by a major automotive manufacturer but Dodge has a history of pulling out all of the stops to win.

1969 DODGE CHARGER DAYTONA
WELLBORN MUSCLECAR MUSEUM, ALEXANDER CITY, AL

Arguably the most famous '69 Charger Daytona is the #71 K&K Insurance NASCAR that was raced by Bobby Isaac. In 1970, he won the NASCAR title and the car was subsequently outlawed. Isaac and his crew later took the car to Bonneville and set several land speed records. In 2016, Tim Wellborn took it back to the Salt to recreate Isaac's run.

MOPAR SURVIVORS

Each car in the Mopar Survivors tent has its own story but one thing they all have in common is that they are AT LEAST 85% original and 25 years old or older. These cars are not “restored to original.” Rather, they still retain a minimum of 85% of the parts and finishes that were installed at the factory. That means original paint, interior and drivetrain.

Minor repairs and maintenance are acceptable, but pretty much everything else needs to be as it came off of the assembly line. Survivors aren't always perfect, but that's part of what makes them so cool. They were born with some orange peel and maybe even a dirt nib or two. And those chips and scratches were earned along the way.

The Mopar Survivors tent is located across from Guest Services and is home to more than 40 unrestored, original Mopars. They are a great reference for those restoring a car or it's great just to hear each car's story. Pictured here are the cars that have never been displayed in the Survivor tent at Carlisle. Stop by and see this incredible display of original Mopars and while you're there, please thank Mel Major for putting this together for more than 20 years!

FROM THE GOLDEN COMMANDOS TO 2019: EVOLUTION OF DRAG RACING

Fri., 10:30 AM, Seminar Tent (ID 110)

We have a real treat for you this year by blending the heritage of the Golden Commandos with the modern day experience of retired Mopar Motorsports Marketing Manager, Dale Aldo. Members of the Golden Commandos will team up with Dale to present this unique seminar on the evolution of drag racing. They will begin with the Mopar heritage and cover the successes throughout the years. Then they will transition into what it takes to build a modern day motorsports program and even discuss the threats to the future of the sport. We're honored to have Dale return to Carlisle as an enthusiast and pairing him with the incredible members of the Golden Commandos makes this the seminar of a lifetime!

1969 DODGE & PLYMOUTH VALUE TRENDS

Fri. & Sat., 12 PM, Seminar Tent (ID 110)

The year 1969 was iconic in American culture in general but for Dodge and Plymouth, some consider it the best year ever! The '69 Road Runner was Motor Trend's Car of the Year, the Daytona was dominating the NASCAR super speedways and 440s were being stuffed into A-Bodies. Overall, things were good at Chrysler Corp. To find out where the values of those cars are today, join the crew at Auto Appraisal Group (AAG) for their seminar covering 1969 Dodge and Plymouth models. AAG is a nationwide and certified appraisal group that can help you value your car for a variety of reasons including insurance purposes.

RAMCHARGERS - HEMI AND HILBORN FUEL INJECTION DEVELOPMENT

Fri., 1:30 PM, Seminar Tent (ID 110)

It's well known that the Ramchargers were a team of in-house drag racers for Dodge so they had the ultimate in factory support. They also used their expertise and cars for experimentation and development programs. Chrysler turned to the Ramchargers to help win Daytona and the US Nationals. In the process, the 426 Hemi and fuel injection were born. In this seminar, original

members of the Ramchargers will share the engineering behind it all. Join the Ramchargers for another incredibly informative presentation from the actual men who were there.

HERB "MR. FOUR SPEED" MCCANDLESS Q&A

Sat., 10:30 AM, Seminar Tent (ID 110)

Herb McCandless is a Mopar legend and a really cool guy. Herb helped shape this hobby in the '60s and '70s and he remains a major player to this day. He continues to contribute with his knowledge of old school engines as well as today's Gen 3 Hemis. He was one of the first to swap a 3rd Gen Hemi into an old Mopar (he's actually done several) and he still builds wedges and small blocks. Join Herb as he shares what he has learned then he'll open the floor for Q&A. He loves to share his knowledge and help others any time he can. Don't miss this opportunity to learn from one of the best!

1969 1/2 A12 WORKSHOP

Sat., 1 PM, A12 Tent (IB 90)

To celebrate the 50th anniversary of the A12 cars, we have assembled a panel of experts on these cars to cover a variety of topics. Dave Watt will cover the date codes of various components including where to find the date codes, how to read them and how to know what dates would be considered correct for an A12 car. He will also discuss the different platings used on certain parts found on an A12 car. Darrin Stanke will take a detailed look at components that are specific to the A12 including items such as the

hood, wheels, air cleaner assembly, radiator and firewall details. Dave Carson will then wrap up the workshop with a checklist to help you value your A12. If you own an A12, are looking to buy one or just want to expand your knowledge on these cars, you won't want to miss this seminar!

RESTORERS' ROUNDTABLE

Sat., 2:30 PM, Seminar Tent (ID 110)

How many times have you been in the middle of a project and wondered how the pros do it? Wouldn't it be great to have a direct line to a panel of Mopar restoration experts? Well, now you do! We have again assembled a group of the best Mopar restorers on the planet just to share their secrets and answer YOUR questions. You no longer need to listen to some random person you've never heard of telling everyone on Facebook how to do something. These guys restore Mopars every day so they know what they're talking about. Their work can be seen in magazines, major auctions and in the most prestigious car collections. Get your questions ready now! The Roundtable includes David Rea, Dennis Kohr of Kohr's Kustoms, Russell

Jacobs of RJ Cars, Mark Sekula of Magnum Auto Restoration, Creations by Gemza (the whole crew/family), Le Hodge of Hodge Restorations and Mike Mancini of Mancini's American Muscle Car Restorations.

3RD GEN HEMI SWAPS PANEL DISCUSSION

Fri., 3 PM, Seminar Tent (ID 110)

Last year we decided to conduct a seminar on 3rd Gen Hemi swaps by using a variety of presenters from professionals to novices. The goal was to provide various experiences and to show that this swap can now be accomplished by anyone. It was a huge success! The tent was packed and the knowledge was immense. The presenters began by sharing a couple of pieces of advice from their personal experiences then opened up for questions. As expected, topics ranged from fitment to carbs vs. EFI. This year we will be adding at least one aftermarket suspension company to the mix since suspension and fitment issues have been the hot topic on the swap pages lately. This is a very informal presentation so come prepared to ask all of your questions!

(ABOVE) JAMIE AND ROCHELLE BROWN WITH HIS 2011 DODGE CHALLENGER SRT8 AND HER 2010 DODGE CHALLENGER SRT8, AND (RIGHT) THEIR DAUGHTER, EMILY

By Jamie Bergolios, Carlisle Events

In 2017 Jamie and Rochelle Brown combined forces and drove their “His and Hers” Dodge Challengers to the Chrysler Nationals to later find out that they both placed first in their respective classes. Jamie’s commitment to the Carlisle Chrysler Nationals shows when he says he’s been going “since the very beginning of the show when you could park in the first three rows from the fence. Each year got bigger and better. Then add Richard Petty and it can’t get any better.”

Jamie recognizes his 1973 Dodge Challenger 340 4-speed factory moonroof export car as one of the rarest cars he owned and he always enjoyed his high school car, a ’73 Dodge Charger.

Being a “stock numbers” kind of guy, Jamie didn’t look into the newer models right away. In 2013 he decided to check out the new Dodge Challenger R/T with a 6-speed and took one for a test drive. He fell in love with it and immediately knew he wanted one.

By selling his two ’73 Dodge Challengers, he was able to get a 2010 Dodge Challenger R/T with a 6-speed manual in Hemi Orange.

Still looking for something with a bit more character, Jamie stumbled upon a white 2011 Dodge Challenger SRT8 Inaugural Edition (number 95 of 392 built) in Toledo, OH but chemotherapy prevented him from driving to look at it. While the car dealer would not hold it for him, Jamie had someone drive the car from the dealership and drop it off in his driveway. As soon as he and Rochelle saw it in their driveway, they feel in love with the car from the color to its features. Rochelle loved it so much, she started looking for her own.

A 2010 Dodge Challenger SRT8 in Furious Fuchsia (number 29 of 400 built) showed up in Myrtle Beach, SC so they hopped on a plane and flew to check it out. They knew immediately it was the one and Rochelle had to have it. However, during the test drive,

they found out that the A/C wasn’t working on what they said to be “one of the hottest days.” They had to have it fixed before driving back. This changed their estimated time of arrival and they got back at 3:30 Saturday morning of the 2017 Chrysler show. After grabbing about three hours of sleep, they headed out to the Carlisle Chrysler Nationals. Jamie and Rochelle were thrilled to get first place for both of their cars after the crunch to get to the show.

Jaime and Rochelle are keeping the Carlisle tradition alive by sharing it with their daughter, Emily. She is almost 13 years old and has been to every Carlisle Chrysler Nationals since she was born. Each year when they come to Carlisle, they take a picture of Emily sitting behind the wheel. We think that’s a great idea and encourage other families to do the same. One of Emily’s favorite parts of the show are the Hellcat Thrill Rides. That’s one of our favorite activities, too!

THE RJ CARS, INC. TEAM

By Jamie Bergolios, Carlisle Events

This year marks the 30th Anniversary of RJ Cars, Inc. Back in 1989 Russell Jacobs, the founder of RJ Cars, Inc., expanded his passion of restoring cars to owning his own business in Arkport, NY. Russell started repairing cars at the young age of only 14. After years of working on his own cars he decided to open his shop with what he had, which was less than “next to nothing”. Working out of an old cow barn on his mother’s family farm was the humble beginning of the company. In 1995 RJ Cars, Inc. opened in a building in Arkport where it stands today, 24 years later.

Matt, Russell’s son, now owns Russell’s old 1970 Dodge Dart Swinger 340 4-speed, which is currently undergoing a rotisserie restoration. Russell

said “I drove the hell out of that car in the late ’80s and early ’90s and somehow I survived! It was sold off to a friend years ago then my son, Matt, bought it and has been collecting parts and putting it the last few years.”

Russell attributes his family and staff to the culture his company upholds. Russell’s daughter, McKenna, has grown up as a part of the company. Now McKenna is their very own office assistant and writer of Kenna’s Corner in their monthly newsletter. Some of the company’s specialty projects have been projects such as a children’s pedal car and a Mobo Bronco horse for McKenna’s very own first rides.

RJ Cars, Inc. became the master in their craft over the past 30 years. They have

worked on everything from a 1917 Locomobile to a 2015 Dodge Challenger RT Scat Pack. Russell and the crew are always hard at work restoring cars and have well over 100 under their belts. While the company started out with a passion and knowledge for repairing Mopar cars and trucks, they now do many more makes, models and even specialty projects.

Russell and the crew have attended events, as a vendor, for the past 15 years bringing with them some of their clients’ restored cars. From bringing cars to appearing in seminars like the Restorers Roundtable, RJ Cars, Inc. get involved every year at the Chrysler Nationals. This year Building Y will hold two of their restored cars for the Summer of ’69 display. Be sure to check them out!

Carlisle Events purchased the site of the former International Automotive Components (IAC) plant, located on Carlisle Springs Road, three blocks from the Carlisle Fairgrounds, in 2008.

The site has been cleared, plans have been made and approved, red tape has been cut, and infrastructure has begun to take shape despite delays due to higher than usual amounts of rainfall.

Homewood Suites broke ground in June! Soon to follow will be a full-service restaurant, apartment buildings, car condos, townhouses and more!
