## From the Event Manager

Mopar isn't really a hobby, it's a passion! We wear it on our clothes, plaster it on our garage walls and even display it in our houses whenever possible. When we see that blue "M" on a car, or any Mopar reference, we know that's a fellow Mopar enthusiast... and a possible future friend. Most Mopar friends eventually become part of your personal Mopar family. Sure, there are subgroups within the Mopar family, but it doesn't really matter what year or model of Mopar you own, we're one big family.

We're also more likely to buy memorabilia, collectibles and apparel featuring a Mopar that we've never even owned. I have a feeling that's because most of us want to own just about every Mopar ever made so if we can't afford the real ones, we'll settle for a die-cast or a t-shirt or whatever. When we find Mopar "stuff" we tend to jump on it and that oftentimes includes the real cars. If it's a good deal and we can afford it, there's a good chance that we'll buy it.

Of course, most of us want a Wing Car or a Hemi E-Body but even if we could afford one (or both), there aren't enough of them for everyone. Some keep saving their pennies, some build clones, some settle for a wingless Charger or Road Runner and others buy the next Mopar on their list. My point is, your passion for Mopar doesn't come from your wallet, it comes from your heart. Most of us don't have a super rare, desirable and valuable Mopar, but that doesn't make us any less of a true enthusiast.

Whether your ride is stock or modified, restored or a barn find or anywhere in between, just enjoy it! Thank you for sharing your passion with us this weekend!

HERB MCCANDLESS

"MR. NORM" KRAUS

"MISS HURST" LINDA VAUGHN

KEVIN WESLEY

We are very pleased to welcome many special guests to the event this year including this year's inductees into Mopar Collector's Guide's Mopar Hall of Fame (see page 13). Be sure to check the schedule and take advantage of the opportunity to meet everyone and get autographs.

---

## Ramchargers

It seems as though the RAMCHARGERS enjoy being at Carlisle as much as we enjoy having them at the show and for that reason we call them our "friends" rather than special guests. Even though they have become regulars at the Chrysler Nationals, we can't forget what this group has done for our hobby. They were pioneers on the track and in the office. They truly are legends in the Mopar world and we are honored to have them at the show each year. RAMCHARGERS attending include Al Adam, Mike Buckel, Tom Coddington, Dick Jones, Dave Rockwell, Dick Skoglund and John Wehrly.

---

## Golden Commandos

The Golden Commandos have made the Carlisle Chrysler Nationals a regular part of their summer plans and you should make meeting them at this year's show part of your plans too. Led by Ray Kobe, the Commandos will be part of this year's festivities where they'll meet with fans and sign autographs all weekend. Ray

is joined by Warren Anderson, Evan Ericson and Jim Hall. These legends are 2013 Mopar Hall of Fame inductees.

---

## Herb McCandless

Herb McCandless earned the nickname "Mr. Four Speed" with his '65 Hemi Super Stock Dodge. He was enlisted as a driver and mechanic by the Sox & Martin team and ended up driving several of their more famous cars. Herb then went on to become one of the foremost car builders and drivers of Pro Stock in the early 70s before opening Herb McCandless Performance in North Carolina. Herb has always been eager to lend a helping hand to any Mopar enthusiast in need. Whether he's racing, wrenching or cruising in one of his muscle cars, Herb has consistently been reinventing the wheel and going out of his way to help as many people as he can.

---

## "Mr. Norm" Kraus

In 1962 Norm Kraus opened Grand Spaulding Dodge in Chicago and within three years the dealership became the foremost dealer of high-performance Dodges. By the late 60s, "Mr. Norm's" in Chicago was selling more muscle cars than anyone else in the country and his "Mr. Norm's Sport Club" had gone international. The dealership closed in 1975, but Norm has remained active in the hobby, being involved with

everything from modified new Dodges to retro custom builds and everything in between.

---

## Linda Vaughn

In an automotive world dominated by men, Linda Vaughn burst onto the scene in the early 60s. The First Lady of Motorsports, she was the trophy girl at all types of major motorsports including NHRA, Indy Car, Formula One and NASCAR. She's been crowned the queen of many different tracks, products and organizations, but her attachment to the Hurst brand in the 60s propelled the one-time dental assistant and local beauty to an international superstar. She was so popular that she did USO-type tours to Vietnam. Vaughn will meet fans, sign autographs, pose for photos and talk about her time in the automotive world.

---

## Kevin Wesley

Kevin Wesley conquered Pikes Peak in Colorado in his 2018 Dodge Challenger SRT Hellcat Widebody race car. A run like that takes not only a talented driver, but a hooked-up car as well. Kevin has an impressive resume of competition and is the namesake of Wesley Motorsports. See Kevin and the car on the Midway, plus expect that he'll take it to the track at least once so you can see what the racing world has known for years – this man can drive and this car is amazing!

2018 marks Mopar Collector's Guide's Seventh Annual Mopar Hall of Fame event. It is held Saturday at the Camp Hill Radisson, with check-in starting at 6:30 p.m. Seating is limited and tickets can be purchased at the Mopar Collector's Guide displays at the show located at D 86-89, G 91-92 and Q 20. Read more about the inductees online at [moparhalloffame.com](http://moparhalloffame.com).

---

## **SCCA Racers: Scott Harvey & Randy Graves**

During the 60s Chrysler engineer Scott Harvey was driving Valiants and Barracudas in SCCA races. He finished second in the grueling 4,000 mile trans-Canada race in 1968 and won many off-road races. In 1975-76 he successfully raced Ramcharger trucks.

With his friend and driver Randy Graves, this dynamic duo continued to be a force to be reckoned with well into the late 70s. Many of the innovations they pioneered are still in use today.

---

## **Plymouth Rapid Transit System Caravan: Bob Larivee & Bill Moeller**

At Chrysler's request, Bob Larivee headed the concept of the Plymouth Rapid Transit Caravan (PRTC) of 1970 and 1971 to showcase Plymouth's performance cars and speed equipment. It was a rolling car show of radical customs taken to dealerships across the country.

Bill Moeller was the cost and logistics man for making the Caravan a reality. Working directly with Chrysler and Larivee, Bill organized the events, kept everything on schedule and saw to it that the

portable car show made it to hundreds of dealerships.

---

## **Steven Juliano**

Steven is a true collector with a focus on factory promotional show cars and promotional items from the Scat Pack and Rapid Transit System eras. He also has a passion for unrestored Mopar survivors and anything unusual. He summed it up perfectly, "I don't own these cars or any of this stuff – I'm just taking care of them for whoever comes after me, and they better do the same." Steven is preserving history, and enjoying every minute.

---

## **Summers Brothers Racing Team: Bob Summers & Bill Summers**

Bob and Bill Summers designed and built the legendary "Goldenrod" which was clocked at 409 mph in 1965 on the Bonneville Salt Flats. It held the record as the fastest wheel-driven speed for any car well into the 1990s! Regrettably, Bob passed away in 1992. Bill oversaw every inch of the Goldenrod's restoration.

---

## **Ernie Derr**

Ernie Derr made his signature red-and-white Dodge stock cars legendary with 353 career racing victories from the 50s through 1975. In 1964

Chrysler lured him into their camp and he immediately won his first race behind the wheel of a Dodge. He later switched to Plymouth and racked up 27 wins in his first season. 1969 was the pinnacle of Ernie's success when he won an astonishing 25 of the 30 IMCA national events.

---

## **Tom Tignanelli**

"Tig" was a longtime Chrysler Race Group engineer who was famous for his radical custom A/FX Plymouth known as the "UFO." Built primarily for match and exhibition racing, the famous orange-and-black Plymouth soon became a rolling test bed for Chrysler performance parts. He went on to have a series of "UFO" funny cars, and became part of the Mopar Missile Pro Stock team in the early 70s. Tom left a huge footprint on the world of drag racing and Mopar performance.

---

## **Bob McDaniel**

Bob started his 25-year career with Chrysler in 1954 in the Plymouth Service Division. In the early 60s he raced Super Stocks, was involved with the Mobil Gas Economy Run and Bonneville jet cars. In 1964, he transferred to Detroit into Product Planning with the circle racing group and ran the marine racing program.

---

## **1968 Hemi Super Stock Package Cars**

The concept of a literal assembly line to build drag cars, not legal for street use, and buy them directly from the factory or a dealership had never been entertained before Chrysler teamed up with Hurst Engineering. This is the 50th Anniversary of the world's first "production" drag race cars.

VISIT THE FEATURED VEHICLE DISPLAYS

## Thursday Kick-Off Party

Everyone is invited to this free party hosted by Mopar Rebellion at the Carlisle Expo Center on Thursday evening 4 to 8 p.m. There will be inexpensive food, music, lots of great people and around 400 Mopars. Visit Mopar Rebellion on Facebook for more information.

2017 CARLISLE CHRYSLER NATIONALS SHOWFIELD

## Young Guns

There are three classes for owners age 25 and younger called "Young Guns." Judging is by participant ballot.

## Participant Ballot Judging

All showfield participants must check in at the Guest Services building for their goody bag, dash card and participant ballot judging sheet. The judging format is by participant ballot. All showfield participants are to choose their favorite vehicle from each class listed on their ballot Saturday 1-4 PM. **Ballots are due by 4:15 PM.** The three vehicles receiving the most votes in each class will be posted on the Winners' List Sunday morning. (See Winners' List & Awards.)

## Celebrity Choice Judging

All showfield participants are eligible for a Celebrity Choice Award. Celebrity Judges make

their selections on Saturday by placing a certificate and sticker on the vehicles they choose. Awards available for pick-up on Sunday.

## "This Car Matters" Award

The Historic Vehicle Association, or HVA, will choose a vehicle to receive their 'This Car Matters' award. It is a movement to collect, preserve and share stories that celebrate the automobile's historic impact on modern culture and the lives of everyday people (HistoricVehicle.org). Congratulations to the 2017 winner, Dave Kriebel and his 1967 Plymouth Hemi Belvedere (RO Super Stock car) dubbed the "A-Town Hustler."

## Club Challenge & Coolest Club

Awards are given to the three clubs with the most registered showfield participants. The club with the coolest hangout, as determined by our staff, wins an award too.

## Winners' List & Awards

Winners of the participant judging, celebrity choice judging and club challenge will be posted on the Winners' List at 9 AM Sunday on our website and outside of Guest Services.

Showfield participants must check the list, and if they have won, go inside Guest Services to pick up their award plaque. Winners may choose to participate in the Awards Parade. Official award parade photos are taken by Eagle Productions Photography and will be for sale at their booth under the Grandstand.

### **IF YOU ARE UNABLE TO BE HERE ON SUNDAY:**

If you won and aren't able to pick up your award, you have two options:

- 1) call us to arrange to pick it up during another event (up to one year); or
- 2) pay to have it shipped to you.

Fees: \$15 (U.S.A.) or \$20 (Canada).

## 50 YEARS OF THE DODGE SUPER BEE (Building T)

In 1968 Dodge introduced the Super Bee to compete with the other manufacturers' street racers and the Plymouth Road Runner. It was initially offered with the 383 four-barrel with the 426 Hemi as an option then the A12 package was available in mid-1969. The A12 included a 440 Six Pack, lift-off fiberglass hood and 15" steel wheels with chrome lug nuts. In 1971 the Super Bee package was offered on the redesigned Charger. While Plymouth continued on with the Road Runner in various forms until 1980, Dodge ended the Super Bee after the 1971 model year. It was resurrected with the Rumble Bee trucks of 2004-05, which were pretty cool in their own right, but then in 2007 the Super Bee name made a comeback.

## 50 YEARS OF THE ROAD RUNNER (Building T)

Although many options were available over the years, the original intent of the Plymouth Road Runner was to be no-frills performance. The 383 four-barrel was the base engine or an optional 426 Hemi. During the 1969 model year the 440 Six Barrel was developed for the "street racer" and was part of the A12 package. For 1970, the 440 became an option when the Superbird was developed for NASCAR competition. In 1971, as with the Super Bee, the Road Runner became similar to an E-Body even though it was still a B-Body. This was also the first year you could get a small block 340. From 1972-74 if you wanted a 440 you had to get the GTX package. The 1975 Road Runner was based on the then-new Fury. When the new F-Body Volare arrived for 1976 the Road Runner found its home there until 1980.

Limit six (6) per person.

## 50 YEARS OF THE 340 ENGINE *(Building Y)*

The 340 made its debut in the 1968 model year of Darts and Barracudas making these compact models real performers in the small block wars. The 340 kept the price down as well as the weight on the nose resulting in a combination that was quick and well balanced. It always came with good heads, big valves, a hot cam, performance exhaust manifolds and at least a four-barrel. Factory 340 Mopars may still be viewed as “budget muscle cars” but they are pretty stout performers and deserve to be honored for being a great engine overall.

One of the most impressive displays at the show each year is under the Mopar Survivors tent, presented by Mel Major. Mel works all year to bring a variety of Mopars that have never been restored, retain a minimum of 85% of their originality and are at least 25 years old. These cars and trucks are as close as we'll ever get to traveling back in time to see exactly how they looked when they were new.

Restored vehicles are great but they are always a compromise compared to a true original. They can sometimes be over-restored, have incorrect parts or finishes, etc. With Survivors, we get to see how they came off the assembly line. Many of them have great stories and some have very meticulous owners.

Regardless of each vehicle's circumstances, Mel brings us some of the best original Mopars in the country. Be sure to check them out in the big tent across from Guest Services. Pictured below are those who are joining the display for the first time. Listed at the right are those who are returning to the display. We extend a big "Thank You" to Mel Major for putting this display together for 20+ years!

### Road Runner Birthday Bash Walk-Arounds

Geoff Stunkard, author and editor of multiple publications, including his most recent book, *Muscle Cars In Detail 1970 Plymouth SuperBird*, will be doing a walk-around on the legendary Superbird. Greg Rager, famed Mopar expert and past editor of *Mopar Muscle Magazine*, *MuscleCar Review Magazine*, and *High Performance Mopar Magazine*, and all around great guy, will be talking about Motor Trend's Car of the Year for 1969, the 1969 model year Road Runner. Rob Wolf, *Mopar Collectors Guide Magazine* Founder and Editor, Mopar guru and expert, will be doing a walk-around on the Road Runner that started it all, the 1968 model. All of these experts will be available to talk about your Road Runners and for autographs and book and magazine signings.

Celebrity Guest walk-arounds start at 4 p.m. at the Mopars in Motion club tent at IJ 61-64. Bring your chairs and coolers and plan to stay and talk with our Mopar experts and fellow Road Runner enthusiasts for a fun, entertaining and informative evening. Special guests will be stopping by the Birthday Bash all night long. You may bring your Road Runner to the Mopars In Motion tent anytime after 3 p.m. on Friday afternoon. A special thank you to Ralph Barbagallo of Mopars in Motion car club and Road Runner Owners and Enthusiast Group on Facebook for his efforts with this celebration.

### Dash and Heater Restorations from the Pros - Techniques, Tips and Troubleshooting

#### BRENT BALL

Make yourself and your car look like a star! Learn from the professionals, Mr. Heaterbox and Interior Restoration Services, how to restore your own dash and interior items, including wiring, instrument clusters, switches, steering columns and heater/ac units. Learn tips, techniques and basic how-to's that will help you in making your car not only look better but work as well or better than it was new. Learn how to avoid common pitfalls, how to prevent potential dash wiring fire issues that concern many vintage Mopar owners and troubleshoot common problems. No experience necessary. Lets just discuss and have fun!

---

### Q&A & Stories with Herb McCandless

Herb McCandless is a true legend in the Mopar hobby. He raced the cars we love and he still wrenches on them to this day. He literally knows these cars inside and out. One thing Herb likes almost as much as Mopars is helping others. Let Herb help you with your technical questions by asking the man himself. Rather than spending an hour talking about random topics, Herb would rather have the audience ask him specific questions. If nobody has any questions, Herb will probably just start telling stories. Either way, you win! Be sure to arrive early as Herb's seminars fill up quickly.

### Plymouth Road Runner Value Trends AUTO APPRAISAL GROUP

The Plymouth Road Runner was an instant success and it's just as popular today. It was actually produced for over a decade and engines ranged from the 225 Slant Six to the 426 Hemi (yes, you could get a Road Runner with a six-cylinder...in the Volare Road Runner). They could also be optioned as a bare bones muscle car or loaded to rival the GTX. Auto Appraisal Group will explain the current trends and values of the various years. AAG is a nationwide and certified appraisal group that can help you avoid an expensive mistake.

---

### Dodge Super Bee Value Trends

#### AUTO APPRAISAL GROUP

Dodge was quick to react to the development of the budget muscle car market with the Super Bee. The R/T was the executive's hot rod so Dodge stripped the Coronet of all of the extras and offered the car with only the 383 or the Hemi. It only lasted for four years but it left a major impact – to the point where Dodge brought the name back in 2007. If you're in the market for a Bee, or maybe you're thinking of selling yours, let AAG educate you on the current values and trends.

---

### Chrysler Drag Program R&D

#### RAMCHARGERS

There was actually a time when the manufacturers had the biggest effect on performance at the track and the "independents" were always hoping to get their hands on that information, parts, etc.

Not only were the Ramchargers supported by Chrysler, they were employees. That's as close to the factory as you can get. Thankfully, their efforts were shared with the independent teams. Join the Ramchargers in this seminar to learn exactly what made them so successful. The Ramchargers and the Ramchargers' Dodge were responsible for more than winning races. This is the story of how they went about developing and testing the hardware necessary to get the job done.

## **Better Racing Through Chemistry**

### **GOLDEN COMMANDOS**

In the Golden Era of Drag Racing, brains were a big factor in going quicker and faster. Sure, it took money to race but this was really a time of innovation. Teams were reading between the lines of the rule books and trying to come up with new ways to beat the competition. The Ramchargers' High & Mighty could probably be the poster child for mechanical wizardry, but the Golden Commandos had the brain of Ray Kobe. Ray found ways to improve their fuel and lubricants. Don't miss this chance to hear these speed secrets directly from Ray and the rest of the Commandos.

---

## **Restorers' Roundtable**

We've again pulled together some of the best Mopar restorers in the business and they are going to share their secrets...FOR FREE!! Have you ever wondered what products the pros use? Do you want to know how they perform a certain procedure? If so, this is your golden opportunity to ask those questions and you get to ask them to an entire panel. These are literally the folks who restore the cars that appear in magazines or end up in high-end collections. Sit in and listen or ask your own questions but do not miss this seminar!

---

## **3rd Gen Hemi Swaps**

There's no denying that the hottest trend in the Mopar world is 3rd Gen Hemi Swaps. But the reality is, for most of us the electronics might as well be brain surgery and even the mechanical side of it has some people confused. We came up with the idea to assemble a panel of people who have performed this swap, from pros to Joes, and they've used a variety of methods. They'll share tips that they've learned from doing and answer your questions. If you're even thinking about this swap, you need to attend. Trust us, you can do this!

## **In Memory of Bill Stiles**

Bill Stiles passed away on February 19, 2018 at the age of 77. Bill and his sons, Billy and Bobby, are part of the Carlisle Chrysler Nationals family, having attended the event many times over the years. Some years Bill was here as a special guest but most of the time, he and his sons were at the show out of their passion for Mopars. As long as Bill was feeling well enough to attend, you could count on him to be here.

Bill started his automotive career at Ammon R. Smith Auto as a Service Manager. He was known not only as one of the pioneer drivers of Super Stock and Pro Stock racing but also as an expert performance and racing mechanic. As a driver, Stiles was most widely known for racing one of the original factory SS/BA Hemi-powered Plymouth Barracudas. As a mechanic,

Stiles assisted Jere Stahl and Dave Strickler to many victories on the quarter mile. For the '70 season, Bill moved to Pro Stock with a Duster that he ran until 1973. He was later known as an expert in preparing magneto ignition systems for racing applications out of his shop, Stiles Performance, in York, PA.

## VENDORS LISTED BY ITEMS FOR SALE

The thrill of the hunt is exciting, but when you need to find something specific, use this Specialty Listing. **Look for the category that your item might fall under and you'll see a list of vendors, their location and a description of their merchandise.** Locations are shown as a combination of a row or building letter(s) and space number(s) – see map in centerfold. All vendors are entitled to one FREE listing, \$5 each additional. Ask your vendor to take advantage of this helpful tool!

(TOP LEFT) OVERVIEW OF THE CREATIONS BY GEMZA SHOP; (TOP RIGHT) CNC MACHINE; (BOTTOM LEFT) JOHN JANCZYK'S 1969 HEMI ROAD RUNNER; (BOTTOM RIGHT) HEMI SUPERBIRD WITH AN OFFICIAL PACE CAR REPRESENTING THE "GOOD OLD DAYS" OF NASCAR

By Kirsten Bilger, Carlisle Events

Steve Gemza and his family from Denver, NC have been attending the Carlisle Chrysler Nationals since the early 1990s. Carlisle is their annual vacation hotspot along with showing their cars. Creations by Gemza started in 2008 with the running joke in the family that the business began with Steve's dad, Mike, who started building model cars as a young boy. Creations by Gemza is a family business with Steve's parents, Mike and Kathi, and his brothers, Tony and Dan.

Each year the Gemzas bring a vehicle that has a special meaning to them and they love to share their stories with fellow car enthusiasts during the event. Steve loves bringing vehicles from the early 1960s to mid-1970s because that era is special to him.

Since the start of the company, their work is guided by their slogan of "Striving for Perfection." To this day, they

have built and restored approximately 30 vehicles. They have also worked on and repaired additional vehicles. To achieve their slogan, they begin their process by meeting with the customer to develop a "game plan." From there, they continuously keep the customer updated as to the progress of the work. They pride themselves on saying that each car they work on receives the same amount of passion and quality in the restoration process.

Although it is hard work, the Gemza family enjoys what they do. They love hearing the stories that come along with the cars. Steve pointed out one instance when they worked on a 1971 Dodge Charger R/T that was used as a pace car at Charlotte Motor Speedway. The owners of this car, Steve and Lisa, had an incredible story about the car and its history. Another instance is when the Gemza family worked on a 1970

Plymouth Hemi Superbird and a 1973 Plymouth Road Runner, owned by Don and Mary Doctor. Steve is blown away and is short for words on describing how special these cars are to him and his family.

Although these three cars, in particular, come to mind for Steve, every car that Creations by Gemza restores or builds holds a special place for him. The owners of the vehicles become an extended part of the Gemza family. Once a car is completed, everyone has an amazing feeling that they were able to make someone's dream come true.

Creations by Gemza has won a number of awards at Carlisle, but that is not what makes it special to them. They value hearing remarkable stories from people who come to the show and the friendships that they have developed over the years with so many car enthusiasts.

MIKE TRUSKOWSKI PICTURED ABOVE WITH HIS WIFE, SON AND TRUMPET

By Hannah Bryant, Carlisle Events

In addition to the field of Mopars, a live rendition of the National Anthem played by Mike Truskowski on a trumpet sets the Carlisle Chrysler Nationals apart from any other Carlisle event. Mike is also a Mopar die-hard and makes this event his family's vacation destination each summer.

His automotive story started here in 2001 when he purchased his 1971 Dodge Polara from the car corral.

"My longtime girlfriend sternly warned me that if bought a car that weekend she would leave me for good" Mike said. "Being that the Polara was a big car and ran better than my Duster, my girlfriend eventually warmed up to it ... and she became my bride."

He restored the Polara for his wedding day and has been happily married for 10 years now. Mike and his wife are proud parents to their 4-year-old

son, Stephen, who is quickly becoming involved in the Mopar hobby.

From the swap meet to the buildings full of meticulously restored vehicles and the atmosphere of camaraderie and passion for the hobby, Mike loves coming to the show every year.

One of the most interesting things about Mike is that he is a volunteer bugler. A few years ago, he had inquired about performing at the Chrysler Nationals. The Millers were very accommodating, and Mike has continued to perform the National Anthem and other medleys live at the Chrysler Nationals over the years.

Mike's early musical influence stemmed from a family friend who played the saxophone in his grandfather's polka band. This is where he learned to play "Taps," on the trumpet. Due to his mentor's

declining health, Mike was given the opportunity to follow in his footsteps and became a bugler of the AMVETS Post 59 Honor Guard Ritual Team in Hanover Township, PA to carry on the "Taps" tradition.

Since then, Mike has performed this piece more than 1,500 times all over the state. He was even invited to play at Governor Tom Wolf's inauguration in 2015. For more than 20 years he has performed veteran's service song medleys for several veteran organizations. He is the official bugler for the PA AMVETS conventions and the American Legion Post 9 Honor Guard.

His presence, passion and honor to his country will always be welcomed here and we are looking forward to his performance this weekend. You can now say that you officially know the Carlisle Chrysler Nationals' bugler.

## A&A AUTO STORES

A&A Auto Stores started as a family business in 1958. Sixty years later, A&A Auto Stores continues to be a leader in the aftermarket auto parts industry. With 18 locations in Eastern and Central Pennsylvania, A&A Auto is showing no signs of slowing down. In January, A&A Auto Stores opened our newest retail location and install shop at 1053 Harrisburg Pike, less than a mile from the Carlisle fairgrounds.

A&A has become a household name within the Carlisle Events community as 2018 will mark our 18th year of participating. A&A's Show footprint continues to grow each year. A&A offers FREE installations of exhaust systems at all of Carlisle's car and truck show events from leading brands like: Magnaflow, Borla, Corsa, Flowmaster, Billy Boat and Kooks. In addition, A&A brings a wide variety of automotive products, accessories and expert knowledge to each Carlisle event including a comprehensive product line of truck and off-road performance parts from suppliers like Extang, Trail FX, K&N, AFE, Volant, American Car Craft, Edelbrock, and Titan Lifts just to name a few.

Carlisle Events brings together enthusiasts from all

over who are genuinely interested in discovering new suppliers and products. We are enthusiasts too and take tremendous satisfaction in knowing that A&A is in the position to get our customers exactly what they need.

## AMSOIL

AMSOIL specializes in developing synthetic lubricants that offer innovative answers to the greatest challenges vehicles present. The extraordinary performance of AMSOIL synthetic lubricants in a range of markets – automotive, powersports, industrial, racing and more – has made their influence in the industry unmistakable and their brand highly respected. Their commitment to innovation has resulted in legions of brand-loyal customers.

It has also resulted in a full line of exceptional specialty products. AMSOIL Signature Series Synthetic Motor Oil, for example, provides 75 percent more engine protection against horsepower loss and wear than required by a leading industry standard.\* Engineered for classic and high-performance vehicles, AMSOIL Z-ROD® Synthetic Motor Oil features a high-zinc formulation to prevent wear on flat-tappet camshafts,

and a blend of rust and corrosion inhibitors for added protection during storage.

Their synthetic lubricants – formulated, blended and packaged in Superior, WI – set the standard, providing next-level protection and world-class performance.

\*Based on independent testing of AMSOIL Signature Series 5W-30, in ASTM D7320 as required by API SN specification.

bold engineering excellence. A product that is so well designed, and built to such demanding exact standards, that it performs beyond the truck owner's highest expectations. Engineering is at the heart of why Extang is the number one selling truck bed cover brand in North America. Extang holds more patents than any other truck accessories company. We've perfected nearly every aspect of the truck bed cover and we refuse to leave well enough alone! Extang was first to introduce many of the styles and features evident in the truck bed cover market today. Since 1982, Extang continues to lead the industry with innovation, quality products, our Maximum Strength warranties and the best customer support. Every product we offer is built with pride in Ann Arbor, Michigan. In March of 2007 Extang joined the Truck Hero, Inc. family of brands, a market leading company known for its quality and breadth of product lines, engineering, and innovation.

## HAGERTY

In 1984, classic car and boat enthusiasts Frank and Louise Hagerty couldn't find insurance for their treasured wooden boats, so they created their own. In the four decades since,

Hagerty has become the global leader in collector car, motorcycle, truck and boat insurance, with offices in the U.S., Canada and the U.K., and has expanded beyond insurance to offer vehicle valuation tools, the award-winning Hagerty magazine, roadside service built for classics and much more.

Everything Hagerty does is built around a passion for cars, and a sincere desire to make the experience of owning classics better. They do this by offering Guaranteed Value coverage and claims handled by collector car experts, along with content and resources directed at automotive enthusiasts. Hagerty also works to keep car culture alive through their advocacy efforts, including the Driving Experience which teaches young people to drive a manual transmission; the RPM Foundation which funds careers in restoration and preservation; and support of the Historic Vehicle Association's mission to preserve automotive history. Learn more and sign up for their weekly classic cars newsletter at Hagerty.com.

Hagerty. For people who love cars.

## MEGUIAR'S

For over 100 years, Meguiar's has shared its passion and pride for the car

hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car-care questions you have at 800-347-5700. Or join the discussion on Facebook or their online discussion forum at [www.meguiarsonline.com](http://www.meguiarsonline.com). "People who love cars love Meguiar's."

## ROCKAUTO

RockAuto ships thousands of auto parts from over 300 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

## POLICIES

### Driving On-Grounds

For safety reasons, the use of all personal means of transportation (bikes, scooters, golf carts, ATVs, motorcycles, minibikes, etc.) is **FORBIDDEN** on the Fairgrounds from **7 A.M. TO 5 P.M.** on all show days, except handicap. No unlicensed drivers may operate vehicles at any time. Verification of insurance is required.

### Drones & Remote-Controlled Devices

Remotely controlled aircraft and ground vehicle devices are prohibited on and above the Carlisle Fairgrounds (collectively "Drones"). Individuals given approval to operate Drones by Carlisle Events must provide a picture of the Drone, address and phone number, a copy of a valid driver's license and any other information deemed necessary or requested by Carlisle Events.

### Pets

Pets are strongly discouraged for health and safety reasons. If you cannot make other arrangements, your pet must be on a leash and policing after it is required. Your pet must be under your control at all times, and you are responsible for its actions. Any unsafe action by your pet may result in expulsion without refund.

### Conditions

Dangerous or slippery conditions can exist on the Fairgrounds. Due to the nature of the goods

displayed, heavy equipment and moving vehicles are present. Carlisle Events cannot be responsible for the conduct of vendors and patrons entering the premises. Those who enter the Fairgrounds do so at their own risk.

### Photo & Video Disclaimer

Filming and photography take place during events held at the Carlisle Fairgrounds and Carlisle Expo Center. By attending any Carlisle Productions event, there is implied consent, and you agree to give Carlisle Productions and authorized filming and/or production companies and/or media outlets the right to film, photograph, record your name, nickname, picture, biographical material, voice and/or likeness and to use in any manner of media in connection with the event or future events and the advertising and promotion thereof. The same holds true for any vehicle, product or any other item you display or bring to the event. You also agree to the broadcast, production, reproduction, printing, distribution and exhibition of any such photographs and/or recordings of the event, and any programming derived from the event, by any and all means, media, devices, processes and technology now or hereafter known or devised anywhere in the universe at any time in perpetuity as Carlisle Productions or any of these authorized producers, filmers, photographers and/or media outlets elect without compensation of any kind to you.

## REVITALIZATION PROJECT

The site of the former International Automotive Components plant, located along Spring Road a few blocks from the Carlisle Fairgrounds, closed in 2008. Carlisle Events purchased the property and has undergone several years of clearing the land, planning, cutting through red tape and is now in the beginning stages of construction. The first phase of the project is the infrastructure – roads, storm water runoff, sewage, power and water lines, etc. By the end of this event season we expect to see some buildings take shape to include a hotel, shops and a luxury car condominium community (Concours at Carlisle [concoursatcarlisle.com](http://concoursatcarlisle.com)). We are very excited at the progress and will include updates in this year's event guides.
